FAQ?

Who can apply?

Individuals between 18 and 70 years of age.
Children age 0 – 17 must apply with at least one parent.

All applicants must fill out a medical questionnaire. In some cases, we may request additional medical information.

What is the condition of residence?

Applicants must reside in one or more of the countries listed in the primary area of coverage for at least 185 days per year.

Can I visit a hospital of my choosing?

Yes, you are free to choose any medical provider. However, the establishment must be licensed as a medical or surgical hospital under the laws of the country where it operates.

Do I need to pay upfront for my medical expenses?

No, in most cases if you visit a hospital in our vast direct billing network, we will settle the bill with the hospital directly. In the event that you visit a hospital outside our network, you will need to submit us your claims, which are typically processed within 5 working days.

Are people with pre-existing conditions covered?

Those who are aware of pre-existing medical conditions may apply - but pre-existing conditions may be excluded from coverage.

What are the payment options & can I pay in installments?

You may pay for your annual insurance premiums by bank transfer. Option to split the annual premium payment into 2 consecutive months is available. Please contact us for more details.

When does my coverage begin?

Your coverage begins on the date you are accepted into our insurance. This means your benefits can apply immediately after we have approved your application and received your payment.

After membership acceptance, waiting periods, as listed in the table of benefits, may be applied if you do not previously hold a similar insurance. This means that, for a period of time, there will be no coverage for particular benefits.

What is the currency of the policy?

The currency of this policy is US Dollar (USD).

Can I add more people to the policy?

Yes. You may add:

1. **Spouse** - must be legally married, in civil partnership or permanently living in a similar relationship with the eligible member.
2. **Dependent children** - including the eligible member's own children, legally adopted children, step-children, foster-children and any other child who depends on the sole support of the eligible member. Eligible dependent children must also live with the eligible member in a customary parent-child relationship.

Conditions of age for all dependent children:

- Children under the age of 18 must be unmarried.
- Children between the age of 18 and 24 must be unmarried, in full time education, and depend solely upon the eligible member's expatriate's support.
- Newborn children must be enrolled within 25 days after the date of birth.

What we don't cover

There are some medical events that we do not cover. We believe they do not diminish the benefits of our plans and by excluding them we can make the plans more affordable for everyone.

*By excluding unnecessary risks (e.g. consequences of alcohol consumption) or expenses which are incurred due to personal preferences (e.g cosmetic treatment) – medical costs can be minimized; thus ensuring the long term stability and affordability of our plan for all our members.

Excluded profession

Some professions may be excluded such as medical professionals, high risk professions, etc.
